

TechsoMed is a privately held biotech startup located in Rehovot, Israel, developing the world's first image analysis system that performs real-time monitoring & control of tissue destruction during cancer ablation treatments.

Our mission is to become the "eyes" of physicians performing ablation procedures to enable safer & effective treatments, and we are working with the world's leading healthcare institutions & medical device companies (from USA, Japan, Germany and Israel) to make it a reality.

TechsoMed is growing and looking for highly skilled, experienced and passionate people to join our team and help us make an impact!

CLINICAL LEAD

As the Clinical Lead you will be responsible to define and execute TechsoMed's clinical strategy, oversee TechsoMed's clinical resources, contribute effectively to interdisciplinary processes designed to deliver world-class products and collaborate with external stakeholders to bring products to optimal market utilization.

Responsibilities

- Provide Clinical guidance:
 - Provide informed and instructive clinical guidance to a multidisciplinary team across the company.
 - Conceptualize and initiate research with global partners aimed to prove the company's clinical and financial value in healthcare systems.
 - Manage and grow the Clinical team
- Thought leadership:
 - Demonstrate strong and growing expertise at the interface of medical imaging and machine learning.
 - Collaborate with and empower research partners.

Requirements

- Knowledge of managed healthcare systems, medical quality assurance, regulations, quality improvement and risk management.
- Strategic and innovative thinker with proven ability to communicate a vision and drive results.
- Demonstrated management, organizational and interpersonal skills.
- Previous experience as CMO / Clinical director with a healthcare organization - an advantage
- Demonstrated successful leadership of case management, disease management and/or population health programs.
- Demonstrated ability to assess business needs, design and implement programs and evaluate results.
- Full time position (from our Rehovot office)
- 25% Travel Required
